Re: Application of Siden, Inc. for Experimental Authority in the Washington-Baltimore
Major Trading Area, ELS File No. 0097-EX-CN-2021

Dear Mr. Serafini,

T-Mobile USA, Inc. hereby consents to and supports the experimental license application by Siden, Inc. to use a portion of a Broadband PCS spectrum license issued to Sprint Spectrum Realty Company, LLC in Washington, DC (callsign KNLF200) and a frequency range of 1860-1865 MHz and 1940-1945 MHz. T-Mobile does not believe there will be any consumer impact from this limited operation and will be in close coordination with Siden personnel during the course of the experiments.

Should you have any questions, please feel free to contact me.
